

ENERGY SAVING CHEST FREEZER

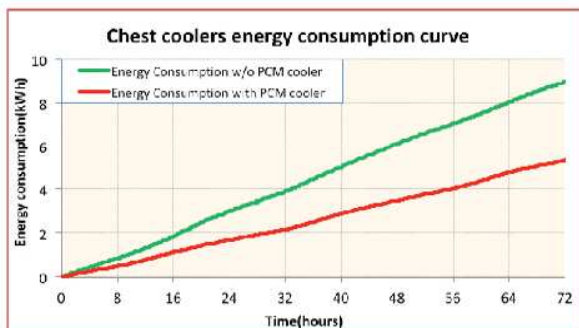

Make your freezers PLUSustainable. Ask us how!

Save upto 30% of energy per chest freezer/cooler (300 ltr)

-  Save 440 units per year
-  Save INR 4,400 per year
-  Reduce 216 kg of CO₂ emissions per year/per freezer!

5,00,000 chest freezers/coolers are added each year in india, leading to a potential of:

-  Saving 600 MW of energy per year
-  Equivalent to adding 43,200 acres of forests land!
-  Reducing 108 megatons of CO₂ per year
